Notes

Subd to Secy for orders

Hospital assistants are not entitled to House rent. Please see pro. No 4721/573 dt 13-6-92 (ch no 287 in L.F 41-92)

Sd Gnj 10-6-92

But please see also para of Pro. No. 12024/2527-92 dt 12-1-93 (Sl 34 in file 427) in which Govt were inclined to erect quarters at a small rent. This, though intended for the Gulbarga, would be equally beneficial in places like Tumkur where accommodation is scarce. Trial orders have not yet been passed in the question of providing free quarters or house rent (ch no 39) for Hosp asstts

Sd K.S.C.
14-6-9

This may be a hard case but we ought to guard against the creation of inconvenient precedents. If we are to build free quarters for the Tumkur Hosp asst, we will be called upon to

~~do the same~~

1)

- I do not blame for other Hospital expenditure. Nor is the claim for house rent admissible - I would leave matters alone until Genl [illegible] and until Dr L. F. Brands [illegible] Hospitals & Dispensaries [illegible] throughout the Province. As regards accommodation Lucknow is not worse than most other places in the Province

Ruled 3 Dec 1866

18/6/67 (illegible)

18/6/97

I think we must provide houses for Female Hospital cases, before the Male H. As. Especially the Lucknow Female in places where accommodation is scarce. A list of such places should be called for & steps taken to build quarters for them. It will be a long time before we can provide quarters for all our H. As. but we must treat the special cases as early as practicable.

This may be a hard case, but we ought to guard against the creation of inconvenient precedents. If we are to build fresh quarters for the Lucknow Hospital cases; we will be called upon to

Phone call to R. Lowe. If there is no public building (a small one) available for Chi Beneke H.A.

Dated, Tumkúr, 3d July 1897.

To

The Secretary to the Government of Mysore, General and Revenue Department

Sir,

In reply to Government Proceedings No: 13821-2 dated 28th June 1897. L.T. 346-96
I have the honor to report that there is no Government building at Tumkúr which can be made available for the Female Hospital Assistant. Having regard to the desirability of providing quarters for her near the Dispensary, I think it will be convenient to utilize for her residence as a temporary measure the two wards at present attached to the Civil Hospital and which are only separated from the Female Dispensary by a wall, if the Assistant Surgeon has no objection to such arrangement. These wards were, I understand, originally intended for female inpatients of the Civil Hospital, but no inconvenience could arise by its conversion into the Female Hospital Assistant's quarters, as

separate

2/. Separate wards for females have been provided in the new Female Dispensary.

To.

The Deputy Commissioner
Tumkur District

Sir,

Your No 367 Dated 30-3-98 forwarding copies of docket No 7169/L 7346-96 Dated 20-12-97 from the Secretary to Government for opinion regarding quarters for Lady Hospital Assistant.

I have the honor to state that the building referred to by you in your letter No 12 Dated 3-7-97 to the Government was not built for female inpatients of the Civil Hospital as you were given to understand and it was never used as such.

It was built only recently as lying in wards and so there is a midwife

attached to Tuticorin, it will be a pity to deprive the Hospital of its labour wards even temporarily.

Referring to plan accompanying I beg to state the following—

The Civil Hospital consists of 5 buildings.

No I. This is the original Hospital. Room No 2 was used as dispensary for out patients.

No 1 room was used for Male inpatients and No 3 room for female inpatients.

Room No: 1/2 being not found to be enough for its purpose, a separate building (marked building no II in tracing) was built only recently for stores and dispensing of medicine to out patients. Room No: 2 in building No 1 is now used for storing articles to go to the Local Fund Dispensaries in the District. It may be converted into wards for males as room No 1 is not big enough for the purpose. Room No: 3 is utilized for female inpatients of the Civil Hospital. Buildings marked III, IV, and V are lying in wards. Store room and Kitchen and the Meteorological shed, and are required for the purpose.

Buildings marked VI and VII are lately built. Building No VIII is the one now requiring sanction. I saw the Assistant Surgeon, and the Lady Hospital Assistant this morning at the spot. I took the Lady Hospital Assistant to the old Taluk Kutcherry now used as Club, and asked her if she would like a part of the building to be converted into her quarters by opening doors in the Compound of the Civil Hospital. This wing is 150 ft long, and is composed of 4 rooms all 14 – 6" ft wide measured in the inside. Two rooms measuring 50 × 14 ½ ft in all can be spared for the Hospital Assistant's quarters. Of course a Kitchen and latrine will have to be separately built. The Lady Hospital Assistant did not like the idea. It is therefore necessary to build quarters for her as per Estimate for Rs. 2632 submitted to the Chief Engineer with this office No: 120 Dated 26-4-96. Till it is built the following arrangements are proposed as a temporary measure with the Verbal approval of the Assistant Surgeon and the Lady Hospital Assistant.

The female dispensary (building no VI) will be used as Hospital Assistants' quarters.

Building no: VII will be used for female Dispensary -

Room No: 3 in building marked I is used as wards for female inpatients of the Civil Hospital. All female inpatients of the Civil Hospital, and the female Dispensary can remain in this room, and can be supervised by the Lady Hospital Assistant or Male Hospital Assistant as may be ordered from time to time by the Assistant Surgeon. In fact as both the dispensaries are in the same compound, and the Lady Hospital Assistant is under orders of the Assistant Surgeon I see no reason why there should be -- separate inpatients wards for females for the two institutions. What the Assistant Surgeon told me was that there was -- provision for diet for only two inpatients for the dispensary for females while there were many more inpatients to be provided for whom he can only provide from the funds for Civil Hospital.

This is a mere matter of account and

I mean as that there will be no separate wards for females in the female dispensary. The same room & 3rd block [illegible] used for the inpatients of both hospitals.

can be easily adjusted.

I beg to state that the Dispensary for females will be quite complete in 10 days. You are aware that the work was stopped for a long time on account of want of final reply regarding Municipal Contribution

I have tea:.
